Goal! Mel Young,2005 They were discussing how best homeless street paper sellers could benefit from the international dimension of their work and agreed that football was an international language that everybody understood, so they decided to organise a football tournament.The first Homeless World Cup took place in Graz, Austria, in April 2003, and it was such a phenomenal success that the organisers agreed to make the event annual. The second World Cup was held in Gothenburg in July 2004, the third one is due to be held in New York City in July 2005 and the 2006 World Cup is to be held in Cape Town.This remarkable book documents the entire project, focusing on the glorious atmosphere in Graz, the philosophy behind the tournament, the psychological team-building, the impact of poverty worldwide and, most importantly, the players themselves, who were transformed from society's outcasts into heroes. Some players have even signed up to professional football clubs now.

Daily Dishonesty Lauren Hom, 2014-09-02 A colorful compendium of little white lies, based on the award-winning, “bitingly honest” blog (Imprint). From the diet you’re going to start tomorrow to that call you were about to make when something (anything) else came up—life is full of little lies that get us through the day. With *Daily Dishonesty*, designer and blogger Lauren Hom pays homage to the (mostly) innocent foibles that make us human. With 150+ hilariously common lies, beautifully illustrated by Hom, *Daily Dishonesty* touches on topics from breakups, friendship, and growing up to slacking off and guilty pleasures, in hand-lettered mantras that are all too honest about our untruths. Alinea Grant Achatz, 2008-10-01 The debut cookbook from the restaurant Gourmet magazine named the best in the country. A pioneer in American cuisine, chef Grant Achatz represents the best of the molecular gastronomy movement—brilliant fundamentals and exquisite taste paired with a groundbreaking approach to new techniques and equipment. *ALINEA* showcases Achatz's cuisine with more than 100 dishes (totaling 600 recipes) and 600 photographs presented in a deluxe volume. Three feature pieces frame the book: Michael Ruhlman considers Alinea's role in the global dining scene, Jeffrey Steingarten offers his distinctive take on dining at the restaurant, and Mark McClusky explores the role of technology in the Alinea kitchen. Buyers of the book will receive access to a website featuring video demonstrations, interviews, and an online forum that allows readers to interact with Achatz and his team. Achatz is something new on the national culinary landscape: a chef as ambitious as Thomas Keller who wants to make his mark not with perfection but with constant innovation . . . Get close enough to sit down and allow yourself to be teased, challenged, and coddled by Achatz's version of this kind of cooking, and you can have one of the most enjoyable culinary adventures of your life. --Corby Kummer, senior editor of *Atlantic Monthly* Someone new has entered the arena. His name is Grant Achatz, and he is redefining the American restaurant once again for an entirely new generation . . . Alinea is in perpetual motion; having eaten here once, you can't wait to come back, to see what Achatz will come up with next. --GourmetReviews & AwardsJames Beard Foundation Cookbook Award Finalist: Cooking from a professional Point of View Category James Beard Foundation Outstanding Chef Award! Even if your kitchen isn't equipped with a paint-stripping heat gun, thermocirculator, or refractometer, and you're only vaguely aware that chefs use siphons and foams in contemporary cooking, you can enjoy this daring cookbook from Grant Achatz of the Chicago restaurant Alinea. . . . While the recipes can hardly become part of your everyday cooking, this book is far too interesting to be left on the coffee table. As you read, a question emerges: Is Alinea's food art? . . . I go a little further, describing Achatz with a word that he would probably never use to describe himself: avant-garde, as it defined art movements at the beginning of the last century--planned, self-conscious, and structured attempts to provoke and shake the status quo. Just as with those artists, the results are not necessarily as interesting as the intentions and concepts behind them. In this sense, this volume

constitutes a full-blown although not threatening manifesto.—Art of Eating

Gerrard Steven Gerrard,2012-09-30 Steven Gerrard is a hero to millions, not only as the inspirational captain of Liverpool FC, but as a key member of the England team. Here, for the first time, he tells the story of his lifelong obsession with

football, in an honest and revealing book which captures the extraordinary camaraderie, the soul-destroying tensions and the high-octane thrills of the modern game as never before. Born in the Liverpool suburb of Huyton in 1980, Steven first joined Liverpool as a YTS trainee and played his first game for the first team aged just 18. His career has gone from strength to strength ever since and he is now the team's captain and its lynchpin. Liverpool's incredible comeback in the Champions' League final in Istanbul in May 2005, recovering from a 3-goal deficit against AC Milan to win on penalties, is testament to the amazing power Gerrard has over his team. His presence on the pitch is a force to be reckoned with and places him amongst the very first rank of players in the world. A relatively private figure, Steven has rarely spoken out in public. Now, his legions of fans will be allowed an intimate glimpse of what makes their hero tick. He speaks for the first time about the torturous will-he-won't-he Chelsea rumours and his undying passion for Liverpool. We experience first-hand the highs of winning in Istanbul and elsewhere, as well as the occasional lows of being parted from his much-loved family and friends. And of course, the book contains a full blow-by-blow account of England's world cup campaign in Germany 2006. Steven Gerrard's book is the definitive football autobiography. Like its subject, it's honest, passionate and exhilarating. If Steven Gerrard isn't your hero yet, by the time you've read this he will be...

Jumana Manna Ana María Bresciani, 2018 Jumana Manna has emerged on the international art scene as a unique voice among her generation. Her work in film and sculpture explores how power is articulated through relationships, often focusing on the body and materiality in relation to narratives of nationalism and histories of place. This book accompanies the first solo museum presentation of the artist in the Nordic region, at Henie Onstad Kunstsenter, and traces her distinctive work. Ana María Bresciani writes about Manna's investigations into scale and her focus on the migration of agricultural practices, regional cultures, and botanical species. Manna and the agronomist Salvatore Ceccarelli discuss the sharing of agricultural heritage and the safeguarding of the earth's vital resources as well as the cultural importance of groups that are tasked with managing and securing the biological diversity of their respective localities. An essay by curator Ruba Katrib considers Manna's inquiry into cultural stability with regard to the ancient cultures of the Levantine, and the reigning external-environmental and social forces responsible for creating a stable culture. -- Publisher's website.
